### DETAILED ACTION

1. An after final amendment was filed by applicants dated Mar. 23, 2006.  
Claims 4-5, , 23 have been canceled. Claims 1-3, 6-22, 24 are pending.

2. *Examiner's Amendment*

Authorization for this examiner's amendment was given in a telephone interview with Ms. Kristin J. Frost on April 24, 2006.

Claim **20** is canceled without prejudice of applicants filing of divisionals of methods other than treating breast cancer.

The restriction between the elected compounds and the method of treating breast cancer has been withdrawn and claims 21-22 are rejoined with the elected compounds.

3. *Reason for Allowance*

The following is an examiner's statement of reasons for allowance:

Applicants argument with respect to bioisosteric replacement of the prior art compound having a CO linkage with the bioisostere SO or SO<sub>2</sub> lacking motivating for the instant bicyclic estrogenic compounds finds evidential support in WO 95/10513. The WO '513 reference disclosed a wide variety of linker moieties between the bicyclic ring and the phenyl ring wherein none of the interchangeable moieties for CO was SO or SO<sub>2</sub> (see p.5 lines 15-20 for D). Therefore, the 103(a) rejection is dropped. The cancellation of claim 20 has obviated the 112 issues. Therefore, claims 1-3, 6-19, 21-22, 24 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
